**Corporate Governance Guidelines**  
**Adopted 22 October 2024**

The Board of Directors (“Board”) of ICON plc, an Irish incorporated public limited company (the “Company”), has adopted Corporate Governance Guidelines (the “Guidelines”) for the Company. The Guidelines reflect the Board’s commitment to a system of governance that enhances corporate responsibility and accountability. The Guidelines should be applied in a manner consistent with all applicable laws and stock exchange rules and the Company’s Constitution, each as amended and in effect from time to time. The Guidelines are intended to serve as a flexible framework for the conduct of the Board’s business and not as a set of legally binding obligations. The Board may modify or make exceptions to the Guidelines from time to time in its discretion and consistent with its duties and responsibilities to the Company and its shareholders.

**1. Director and Board Duties**

The primary duty of the Directors, in carrying out their roles as Directors of the Company, is to act in good faith in what each Director reasonably believes to be in the best interests of the Company.

The Board appoints the CEO and the CEO and the other executive officers of the Company (the “Senior Management Team”) are responsible for managing the day-to-day operations of the Company’s business.

**2. Chairperson**

The Board appoints the chairperson of the Board (the “Chairperson”) pursuant to the Constitution. The Chairperson shall (unless the Board determines otherwise from time to time):

- (i) administer and oversee the operation of the Board;
- (ii) preside at all meetings of the Board of Directors and general meetings of the shareholders;
- (iii) extend the invitation on behalf of the Board to potential new Board members to join the Board;
- (iv) liaise with Directors between meetings to ensure issues they want covered are covered at meetings of the Board;
- (v) liaise with management;
- (vi) meet with shareholders where required and as appropriate; and
- (vii) perform such other duties and services as set out in the Guidelines or as determined by the Board.

**3. Definition of Director Independence**

In accordance with the listing standards of the Nasdaq Stock Market (“Nasdaq”), a Director is “independent” if the Director (a) is not an employee of the Company, (b) is not any other individual having a relationship which, in the opinion of the Board, would interfere with the exercise of independent judgment in carrying out the responsibilities of a Director and (c) satisfies the independence requirements set forth in Nasdaq Rule 5605(a)(2) and the rules of the Securities and Exchange Commission.

The Board assesses any relationship between each non-executive Director and the Company to ensure that there is no relationship between any non-executive Director and the Company that could be construed to prevent any Board member from being designated as independent. The independence of the Directors is reviewed annually by the Nominating, Sustainability and Governance Committee.

#### **4. Board Member Skills, Characteristics and Profiles**

The Nominating, Sustainability and Governance Committee is responsible for annually reviewing with the Board the appropriate skills and characteristics required of Board members in the context of the Company's business needs and the current composition of the Board. The Board is committed to consideration of diversity and inclusion and accordingly this assessment should include diversity, age, background, skills, tenure, and expertise in the context of an analysis of the perceived needs of the Board at that point in time.

#### **5. Selection of New Directors**

The Board has delegated the Director candidate screening process to the Nominating, Sustainability and Governance Committee, which recommends candidates for election to the full Board for its consideration. The Nominating, Sustainability and Governance Committee shall, in selecting candidates for recommendation to the Board, make proposals based on merit while seeking to achieve a mix of Board members that enhances the diversity of background, skills and experience on the Board, including with respect to professional skills, relevant industry experience, specialised expertise, international experience, gender, race and ethnicity. When conducting a formal search for new director candidates, the Nominating, Sustainability and Governance Committee shall endeavour to include qualified female and racially or ethnically diverse candidates on the initial list of candidates from which new director nominees are chosen. Any third-party firm engaged to assist in the search shall also be instructed to endeavour to include such candidates on the initial list.

The entire Board (following a recommendation from the Nominating, Sustainability and Governance Committee) is responsible for nominating members for election to the Board and for filling vacancies on the Board that may occur between annual meetings of shareholders.

The invitation to join the Board is extended by the Chairperson on behalf of the Board.

The short-term succession plan shall be in effect until the Board has the opportunity to consider the situation and take action, when necessary. The Board reviews and updates, as necessary, both the short-term and long-term succession plans for the CEO and other executive officers on an annual basis.

Company. The Nominating, Sustainability and Governance Committee annually assesses issues surrounding Board succession and takes those matters into account when recommending nominees for election to the Board at the next annual meeting of shareholders.

**(iii) Management Development**

In connection with its consideration of the Company's succession plan, the Compensation and Organisation Committee assists the Board by overseeing talent management, development, and corporate succession plans for the executive leadership team, and reviewing where appropriate the systems in effect for the education, development, and orderly succession of senior and mid-level managers throughout the Company. Each committee shall regularly report to the full Board on its respective areas of oversight related to ESG and the Board shall receive at least one ESG update from management annually.

**7. Orientation and Continuing Education**

The Nominating, Sustainability and Governance Committee, together with the Secretary of the Company, oversees the orientation and training of newly elected Directors and continuing education for all Board members. As appropriate, opportunities for additional educational sessions for directors will be provided on matters relevant to the Company and its business. Directors are encouraged to independently participate in educational programs relevant to their responsibilities, including programs conducted by universities and other educational institutional institutions.

## **8. Director Election Policy**

Notwithstanding the Company's Constitution, the Board has a current policy that all Directors shall seek re-election by the shareholders on an annual basis and if a director fails to obtain the requisite shareholder votes to be re-elected in accordance with the Constitution, their appointment shall terminate automatically and with immediate effect.

## **12. Retirement Age / Re-election**

The Directors are not required to retire at any particular age.

As each director is currently subject to annual election by shareholders, there are no term limits for the Board. The Nominating, Sustainability and Governance Committee, in its annual review of Board composition, shall consider the issue of continuing director tenure and take appropriate steps to ensure that the membership of the Board contains the skills, knowledge and experience of Directors needed at that time, is suitably diverse and periodically refreshed and takes those matters into account when recommending nominees to the Board for re-election to the Board at the next annual meeting of shareholders. The Board shall decide whether or not to recommend for re-election each Director standing for re-election by the shareholders.

## **13. Service on Other Boards**

Directors must not be subject to any restrictions which would prevent them from holding office as a director and must be able to allocate sufficient time as necessary to fulfill their responsibilities as a Director. Directors must obtain the agreement of the Chairperson before accepting additional commitments that might affect the role as Director of the Company. Additionally, the CEO and other executive officers of the Company must seek the approval of the Board before accepting membership on other boards (or similar bodies), including corporate and charitable boards. Neither the CEO nor an executive officer of the Company may serve on any board of directors of a company if the CEO or another executive officer of that company is serving on the Board. The Nominating, Sustainability and Governance Committee may take into account the nature of and time involved in a Director's service on other boards and/or committees in evaluating the suitability of individual Director candidates and current Directors.

## **14. Board Compensation**

The Company believes that compensation for non-executive Directors should be competitive, that the non-executive Director compensation at other companies similar in size and scope to the Company should

be taken into consideration and that compensation should align Directors' interests with the long-term interests of shareholders. The Compensation and Organisation Committee shall review and approve, non-executive Director compensation, including Board and Committee fees and any additional fees for additional Board roles, and equity grants, taking into consideration the total non-executive Director compensation at comparable companies.

#### **15. Number and Names of Committees**

The Board is currently organised into four standing committees: the Audit Committee, the Nominating, Sustainability and Governance Committee, the Compensation and Organisation Committee, and the Execution Committee. The Board may delegate its duties and responsibilities to any committee of the Board as outlined in the committee charters. From time to time, the Board may provide for such other standing or special committees as may be necessary to carry out its responsibilities.

#### **16. Committees and Committee Members**

The Nominating, Sustainability and Governance Committee shall be responsible for reviewing the charters and composition of each committee and making recommendations for the assignment of Board members to various committees and if necessary the creation or elimination of committees. The Nominating, Sustainability and Governance Committee shall from time to time review the Committee assignments and shall consider the rotation of Chairpersons and members with a view toward balancing the benefits derived from continuity against the benefits derived from the diversity of experience and viewpoints of the various Directors.

#### **17. Lead Independent Director**

When considered desirable by the Board, including when the Chairperson is not an independent Director or may not be considered independent by the Company's stakeholders, the Board will elect one of the Board's independent Directors to serve as the Lead Independent Director. Where the Chairperson is not independent, the Lead Independent Director is responsible for coordinating the activities of the independent Directors and shall perform such other duties and responsibilities as the Board may determine, examples of such duties and responsibilities being::

## **21. Selection of Agenda Items for Board Meetings**

Board members may suggest to the Chairperson that particular items be placed on the agenda.

## **22. Board Materials Distributed in Advance**

The Board believes that information, documentation, presentations, and data that are important to the Board's understanding of the business should be distributed in writing to the Directors before the Board meets with sufficient time to review. Management will endeavor to provide on a timely basis material that is concise, informative and clear. Directors are responsible for reviewing these materials prior to each Board meeting. The Board acknowledges that certain items to be discussed at a Board or committee meeting may be of an extremely confidential or time-sensitive nature and that the distribution of materials on these matters prior to meetings may not be appropriate or practicable.

## **23. Confidentiality**

The proceedings and deliberations of the Board and its committees, along with any information received in connection with a Director's service as a Director, are confidential and must not be shared or discussed outside of the context of a Board or committee meeting.

## **24. Attendance of Non-Directors at Board Meetings**

At the invitation of the Board, members of the Senior Management Team recommended by the Chairperson or CEO may attend Board meetings or portions thereof for the purpose of participating in discussions. Generally, presentations of matters to be considered by the Board are made by the executive responsible for that area of the Company's operations. Furthermore, the Board encourages management, from time to time, to bring personnel into Board meetings who (a) can provide additional insight concerning the items being discussed because of personal involvement in those areas or (b) have future potential such that senior management believes they should be given exposure to the Board.

Additionally, the Board may permit the regular attendance at each Board meeting of non-directors, including the Chief Financial Officer, the General Counsel and the Company Secretary.

## **25. Evaluation of Board**

The Nominating, Sustainability and Governance Committee is responsible for overseeing at a minimum an annual evaluation of the overall performance of the Board and reporting the results to the entire Board. If the Nominating, Sustainability and Governance Committee so desires, it may be assisted by an outside consultant in conducting its assessment of the overall performance of the Board. The report should be discussed with the full Board at the same time, if possible.

The purpose of the evaluation is to increase the effectiveness of the Board as a whole, not to evaluate individual directors. As such, the Nominating, Sustainability and Governance Committee's evaluation of the Board should be of the contribution of the Board as a whole and should specifically review areas in which the Board and/or management believes the Board can increase its effectiveness.

## **26. Evaluation of the CEO**

The non-executive Directors, led by the Chairperson, shall, on an annual basis, discuss the Compensation and Organisation Committee's annual performance evaluation of the CEO and the compensation awarded to the CEO by the Compensation and Organisation Committee.
