- (a) Stock-based compensation expense represents the amount of recurring non-cash expense related to the Company's equity compensation programs (inclusive of employer related taxes).
- (b) Foreign currency losses (gains), net relates to gains or losses that arise in connection with the revaluation of non-US dollar denominated assets and liabilities. We exclude these gains and losses from adjusted EBITDA and adjusted net income because fluctuations from period- to- period do not necessarily correspond to changes in our operating results.
- (c) Restructuring charges incurred relate to charges incurred in connection with the termination of leases at locations that are no longer being used and amounts incurred in connection with the elimination of redundant positions within the organization.
- (d) Transaction-related / integration-related costs include expenses/credits associated with our acquisitions and any other costs incurred directly related to the integration of these acquisitions.
- (e) Transaction-related financing costs includes costs incurred in connection with changes to our long-term debt and amortization of financing fees. We exclude these costs from adjusted EBITDA and adjusted net income because they result from financing decisions rather than from decisions made related to our ongoing operations.
- (f) Represents the tax effect of adjusted pre-tax income at our estimated effective tax rate.
- (g) On April 20, 2023, the Company completed the purchase of the majority investor's 51% majority voting share capital of Oncacare Limited ("Oncacare"). This gave rise to an acquisition-related gain of \$6.2 million. This gain was excluded from adjusted EBITDA and adjusted net income.
